about us

HOW WE MET

We started talking and getting to know each other through the social media site Myspace on Banis's birthday. We talked about each other's goals, dreams, and just made each other laugh all night long. Soon after we met in person and went on our first date, we pretty much fell head over heels for each other and decided to take a leap of faith and get married. We had only been dating for 7 months, but we knew it was an adventure we wanted to share. Even though we've had a lot of trials and tribulations, we continually encourage each other with the greatest devotion.

a little about

BANI

Bani grew up in Nevada in a small, close-knit neighborhood. He has one sister and two brothers. His parents have been married for 35 years now. He now has two nieces who call him Tio Bani. His parents have always emphasized the value of family and sibling love. Bani enjoys kayaking, working on cars, and building things. His family spends a lot of time baking and cooking at home and in their family-run bakery. His best meals are burgers, steak, and Mexican Pastries. He finished high school in 2007 and joined the US Marine Corps, where he works on Aircrafts and mentors other Marines.

a little about
GUADALUPE

To provide a better future for their five children, Guadalupe's parents left their native Oaxaca, Mexico. Guadalupe and her four siblings grew up in a rural area in California. She has always had a passion for nature. Her parents own a landscaping company, and it was there that she developed a passion for the outdoors and caring for animals.

Her mother and sisters would watch Telenovelas together. Nortenas, cumbias, mariachis, and Mexican pop music would always be playing in the background of they're home. Her family has always been her top priority, and this hasn't changed as she's progressed through life.

HOW BANI THINKS OF GUADALUPE

My life partner is Guadalupe. She is one of the kindest, most thoughtful, and most loving persons I know, and I adore her very much because of this. She inspires me to grow and improve as a person, and she has done so throughout our entire relationship. Guadalupe is always ready to pitch in and assist out. Guadalupe is my best friend even more than she is my wife. It's a blessing to have her as a wife and a part of my life. I hope she has the chance to become a mom. She's destined to be a wonderful mother, and together we'll be a formidable parental duo.

HOW GUADALUPE THINKS OF BANI

Bani makes everyone feel welcome and secure. He has an uncanny ability to keep a group of people talking and laughing. He has the ability to listen to you ramble on for hours. When compared to his younger siblings, he is a stunning makeover. As a spouse, he comes quite near to being ideal. Bani showers me with such incredible care, affection, and love that I can't help but fall further and farther in love with him. It has been the greatest honor to grow old by his side and see him blossom into the wonderful person he has become.

OUR *home* AND NEIGHBORHOOD

OUR *Home*

The large backyard of our Colonial house is where we spend a lot of time relaxing, playing with our dogs, and tending to our chicken coop. We are fortunate to be located near many parks and beaches. Seeing all the lights and decorations up throughout the neighborhood makes the holidays a lovely time of year for us. We can't wait to be able to share our home with kids, making breakfast right before school and hosting birthday parties in our yard.

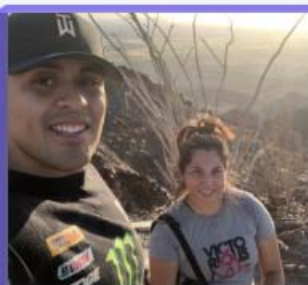

THESE ARE OUR
FAMILY & FRIENDS

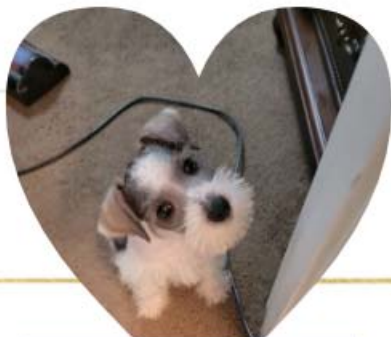

«Adventures»

Together we love to see and experience new places, people, and foods! We appreciate the beauty of world around us, and try to soak in as much as we can each year, whether it's around our home or a far off destination. Recently we had the opportunity to go to San Diego Ca, Hollywood CA, Yuma Arizona, Sedona Arizona, Flagstaff Arizona, Fort Worth Texas, Washington D.C, Norfolk Virginia, Oaxaca and Cancun Mexico
