

Neide & Thiago

Hi there!

So nice to meet you!

We are Neide and Thiago, and we are so excited to share our story with you. Our hearts are filled with love and hope as we embark on this journey to grow our family, adding a little one to our family has been a dream since the beginning, and adoption is the way we found to do it.

Although we are thrilled for the moment of holding our baby for the first time, we can't imagine the challenges you are facing in this process. We are so grateful to you for this brave decision and would love to corner alongside you in this journey.

OUR PROMISE TO YOU

We promise you, as birth parents, your child will be loved unconditionally, not just by us but by our families and friends as well.

We will create an environment where they feel safe, cherished, and encouraged to be themselves. We will work tirelessly to provide your child with the best education and opportunities possible, support their interests and passions, helping them explore and develop their talents.

Your child will have the chance to embark on countless adventures with us. From family vacations to everyday discoveries, we will be there to share in their joy, curiosity, and wonder. We commit to being a forever family for your child. Our love and dedication are unwavering, and we will always be there to support them through life's ups and downs.

OUR STORY

Thiago and I meet in 2011 at a friend's house super bowl party.

Over the next few years, our friendship grew into a deep and beautiful relationship, with us tying the knot in 2016. We will be celebrating our eight-year anniversary soon, and we have had so much fun so far, from traveling across the US and world, exploring new locations, meeting new culture and people, to successfully growing our professional carries at the same time.

Although we have a blessed life, not everything is perfect, we tried to get pregnant without success. After going through multiple IVFs attempts, we decided that adoption was God's will for us to have our unique family in an unconventional but so honorable way.

Together we share the same beliefs, in the power of education, kindness, and diversity. Thiago and I are so thankful for all that the Lord has taught us and given us in our life together so far. We can't wait for what is in store as we hope to grow our family.

MEET

Neide

Hi, my name is Neide, I was born and raised in a small town with a big family in South America. I am a marketing representative in the home remodeling industry. Talking and getting to know my clients is one of my passions and the favorite part of my work is helping them to create their dream homes. Outside work, I love to take care of my garden while listening to music, cooking for my family and friends, especially our traditional food, and yoga is my to go for exercising.

A NOTE FROM THIAGO

Neide is a very passionate person and a dreamer. She loves to take care of us, by going above and beyond to make sure we have everything we need on a daily basis. She supports me in my goals, in all aspects of life from my career to my hobbies, giving me advice and pulling me back when needed. Her work ethic is remarkable. She is a tough woman and sets high goals for her life. Her family comes before everything. She loves to be around her dad and mom and visiting them is one of her favorite things to do. I love the way we laugh together and the jokes she plays on me. She is my number one fan when it comes to my marathons races and never misses one, no matter how early the wake-up call is.

Having a baby and raising the child alongside me is one of her dreams. I am so glad that she chose me to be her life partner.

MEET

Thiago

Hi, my name is Thiago, I was born and raised in a big city with a small family in South America. I am an accounting manager working for a large multinational corporation. The part of my job that I enjoy the most is mentoring my team and seeing their progress in their careers. Outside work, my passion is running and being outdoors, my friends and I compete in marathons and ironman triathlons around the world. I have also been learning how to play the piano.

A NOTE FROM NEIDE

When I think about Thiago, there are so many good qualities that come to mind. I admire him as he is disciplined and committed to his projects. He is one of the most dedicated, organized people I know. He is a hard worker and a great leader.

He is very sweet and very passionate about helping people, and also a great son, as he is very present with his family even though they live a little far away from us. Everyone wants to be his friend as he is a very outgoing and caring.

He is a lovely husband, always supports me in my dreams and he is also the one that says, "No. Calm down, each thing has its time". He is very mature for his age and this is something that rejuvenates my love for him every day. From the moment I met him, I knew he was the one I wanted to raise my family with. I am very fortunate to have him at my side and having our child would be a dream come true.

My husband is an example to myself, and I know he has a lot to offer on our new journey to grow our family.

MEET

Our Family

Both sides of our families live close to each other, but not close to us. We visit them multiple times a year, and they come to our home very frequently. Beside our immediate family, there are many aunts, uncles, and cousins, which means there is always someone to play with. The aunts and uncles also spoil the little ones and cannot wait for the next family time together.

Neide's side of the family is big, and her parents have multiple grandchildren, her dad loves to chase them around the farmhouse and play the guitar while her mom is cooking sweets and pastries. On the other hand, Thiago's family is smaller, and his parents are ready to become grandparents, they are already making plans for the times they will spend caring and loving the little one. The entire family is waiting with such joy and excitement for our family to grow through adoption.

MEET OUR *Children*

Neide became a mother at a young age. She learned very early how to educate and show her son good habits. She put him on a good path, so he could attend college with Thiago's assistance. He is a good young adult with a good heart, very creative and he loves to draw.

Together we also have a godson, when we were invited to be his godparents, we were super honored and emotional. We care for him as our own. Helping with his education is our top priority. We will always be there for him.

MEET OUR *Friends*

We have a diverse group of friends from all over the world, which makes our gatherings so much fun. We learn from them about their cultures and traditions, by eating together, sharing

a laugh and most of all being respectful about the differences.

Some of our friends have young children, Thiago loves to play with them, and the kids are attracted to him. We spoil them very much.

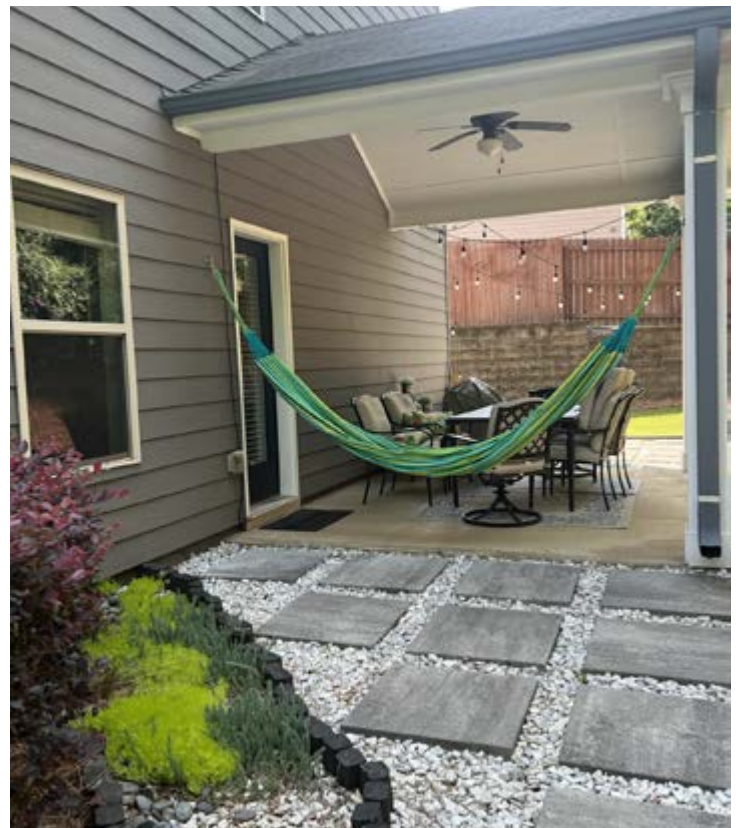

FRIENDS

OUR HOME

Owning our home was a dream of ours, Thiago and I worked hard to make this happen. Our home is cozy and welcoming. Here we gather with family, friends, and neighbors for movie and game nights. Sunday lunch with family is our favorite time along summer BBQ's and spring luau dinner in our back yard.

Our street is full of young children, since our home is on a cul-de-sac, our neighbors' kids are always in front of our house playing and having fun together. In our neighborhood we have a nice pool, playground area and basketball courts, there are many festivities organized by our association such as easter egg hunts, pool parties, Christmas lighting contests and more.

OUR *Promise*

We want to reinforce our deepest gratitude and respect for the incredibly difficult and selfless decision you are making. We understand that entrusting your child to us is a profound act of love, and we want you to know that we do not take this responsibility lightly.

We understand the significance of the trust you are placing in us, and we promise to honor it every day. Your child will know the incredible love that you have for them, and they will carry your love in their hearts, just as they will carry ours.

With heartfelt gratitude and profound respect,
Neide and Thiago
