Family

Where Life begins and Love never ends

why we are

adopting

We have been on a journey towards growing our family for a few years now. After we got married, we started trying to get pregnant but struggled with infertility. We both had expressed our desire to one day adopt. We would be so happy to provide your child with a loving and nurturing family.

Favorite Holiday:
Christmas

Franchesca was born in Miami, Florida, but her family moved to Chile when she was only 3 years old. They moved back and forth a lot when she was a child, so she learned a lot from both cultures. Culture is a part of who we are and it should be celebrated. She promises to immerse their future child in their families' culture.

Thom was born in Orlando, Florida and lived here most of his life. He loves the area and feels it is the perfect place to raise children. Most of his immediate family lives in Orlando, Florida and he has an older brother that lives in South Carolina. Thom is the owner of two very successful companies, which allow him to have quite a flexible schedule to be present in our life. He is very passionate about his work and has always been a hard worker. His priority has always been to provide for his family. He is an amazing father to his 23-year-old son, Charlie. Thom is very excited to adopt.

Thom

Thom is the love of my life. He is an incredible and attentive father, and above all, present and involve in his son's life. He is responsible, reliable and a hard worker. His work provides for our family and allows me to stay at home and raise our child to be.

Francesca

in Thom's words

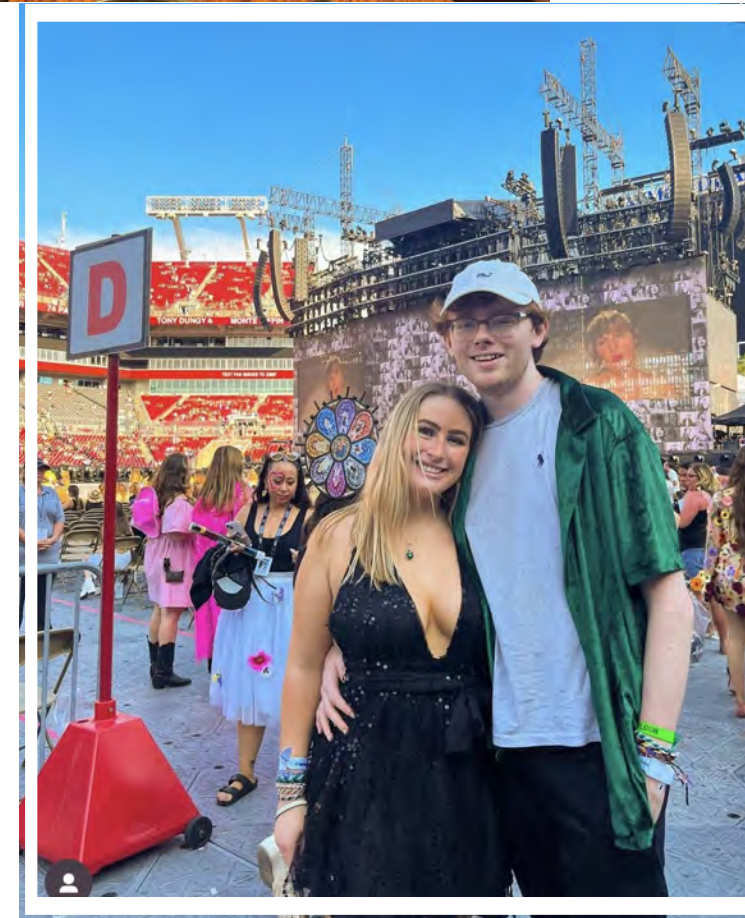

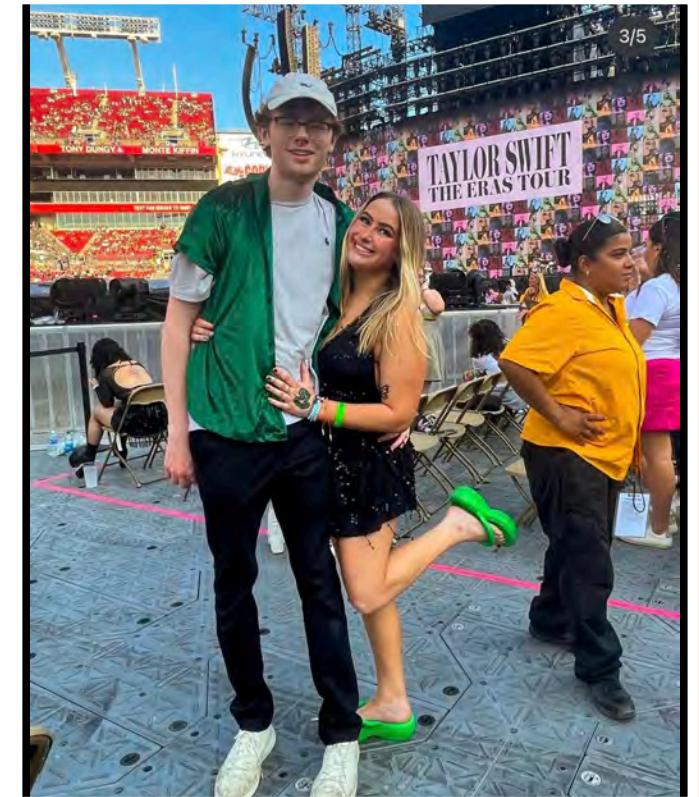

Francesca is full of happiness and love! When I first saw her, I was attracted to her charming personality and beauty. I know that she will be a great mom. She loves kids and has been waiting years to have children. Francesca is very loyal to those around her and she will always love, care and protect her children.

Charlie

Charlie is Thom's son from his first marriage. He is now 23 years old and is a college student. He currently lives with us full time and he is looking forward to being an older brother. Charlie loves to play Pokemon cards and has been a competitor since he was very young. Every year he plays in tournaments all over the country to earn the requirement amount of points to be invited and qualify to the Pokemon World Championships. Charlie loves to play video games, listen to music, and spend time with friends and family.

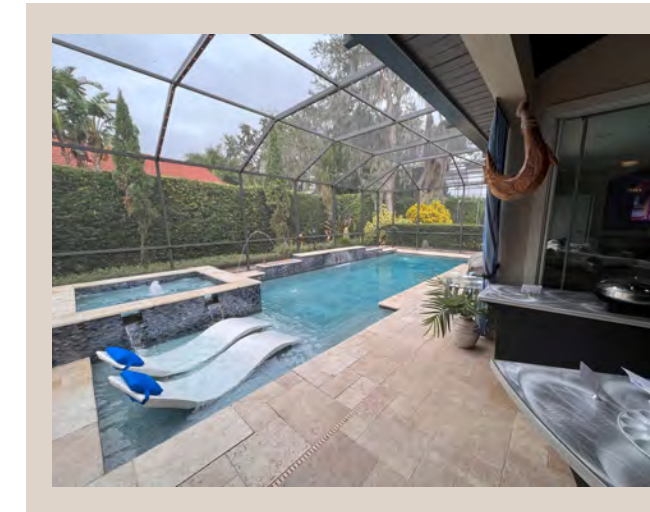

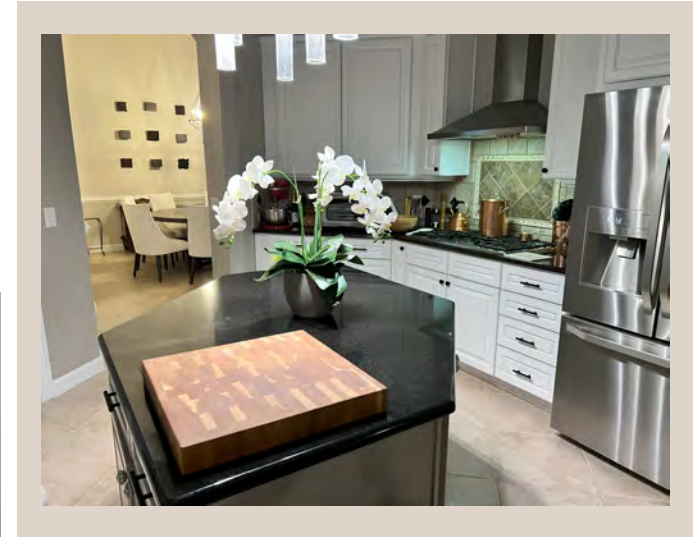

OUR home

We love our home and purchased it with hopes and dreams of raising our family here. As soon as we stepped through the front doors during open house, we knew it was “the one” and we envisioned our future! It has plenty of room with 5 bedrooms and 4 baths and a beautiful open and airy layout. We’ve done quite a bit of renovating, particularly the upstairs making it a movie theatre because we love movies. We renovated the barbecue area to all new appliances because we love to cook and celebrate.

We’ve filled our home with lots of love and care, and designed it with a growing family in mind.

We have a special room for the nursery and can't wait to start decorating it.
